DID YOU KNOW?

- A company called Cumberland, llc has submitted a preliminary application to build a HOG factory farm in Trade Lake Wisconsin.
- The location of the proposed HOG factory farm is approximately 1-1/2 miles east of Highway 87 on Highway 48. (Behind the large Microwave telephone tower).
- Cumberland, llc actually represents a much larger IOWA based company called Suidae Health and Production.
- The proposed facility will be a hog farrowing operation housing 7,500 sows with a goal of producing 225,000 piglets per year.
- The proposed facility will consist of 3 buildings with a projected population of over 26,000 hogs at any given time.
